# Other Information

- **Original design statement:** The styles and labels of the [aromatherapy bottles](#) and [candle jars](#) shown in the pictures were originally designed by the members of Ruixin Glass' Business Department in March. They were then produced as samples in the factory and photographed in our office studio. Currently, all samples are stored in Ruixin Glass' sample room. We kindly request that other companies refrain from unauthorized use of these images.
- **About factory:** With extensive experience and a dedicated team, Ruixin Glass specializes in customizing glass packaging for both emerging and established aromatherapy brands. We have strong connections with factories and all members of our Business Department have hands-on experience in the production process. We welcome inquiries and value your feedback.
- **About customization & ready-to-ship:** As we primarily focus on customized products, we do not keep a large inventory of ready-made stock with various image styles. However, we maintain a small stock of samples to send to potential business partners who express cooperative intentions.
  - Customizable items with minimum MOQ:
    - Surface treatment options, such as spray (misted/smooth surface), electroplating, etc.
    - Customization of brand labels.
    - Silk screen logo customization.
    - Lid customization.
  - Customizable items that require a higher order quantity:
    - Shape customization.
    - Thread specifications customization (for threaded bottles).
- **About response time:** Our dedicated Business Department team is committed to providing attentive service and prompt responses to your inquiries, regardless of your location or the time you send your message. [Contact us now!](#)
