More information

- **Original design statement:** The styles and labels of the [Aromatherapy bottles](#) And [Candle jars](#) The products shown in the pictures were originally designed by the members of the business department of Ruixin Glass in March. They were then made as samples in the factory and photographed in our office studio. Currently, all samples are stored in Ruixin Glass's sample room. We ask other companies not to make unauthorized use of these images.
- **About factory:** With extensive experience and a dedicated team, Ruixin Glass specializes in customizing glass packaging for both emerging and established aromatherapy brands. We have close connections with factories and all members of our business department have practical experience in the production process. We welcome inquiries and value your feedback.
- **About customization and readiness for shipping:** Since we primarily focus on customized products, we do not carry a large inventory of pre-made products with different image styles. However, we have a small stock of samples that we can send to potential business partners who express cooperation intentions.
 - Customizable items with minimum order quantity:
 - Surface treatment options such as spraying (fogged/smooth surface), electroplating, etc.
 - Customization of brand labels.
 - Customization of the logo using the screen printing process.
 - Lid adjustment.
 - Customizable items that require a higher order quantity:
 - Shape adjustment.
 - Adjustment of thread specifications (for threaded bottles).
- **About the response time:** Our dedicated business department team is committed to providing attentive service and quick responses to your inquiries, regardless of your location or the time you send your message. [Contact us now!](#)
