

Yellow green red 3 sizes wavy wall glass candle jar

Products Description

About factory

With extensive experience and a dedicated team, Ruixin Glass specializes in customizing glass packaging for both emerging and established aromatherapy brands. We have strong connections with factories and all members of our Business Department have hands-on experience in the production process. We welcome inquiries and value your feedback.

About customization & ready-to-ship As we primarily focus on customized products, we do not keep a large inventory of ready-made stock with various image styles. However, we maintain a small stock of samples to send to potential business partners who express cooperative intentions.

*Customizable items with minimum MOQ:

- 1. Surface treatment options, such as spray (misted/smooth surface), electroplating, etc.
- 2. Customization of brand labels.
- 3. Silk screen logo customization.
- 4. Lid customization.

*Customizable items that require a higher order quantity:

- 1. Bottle shape customization.
- 2. Thread specifications customization (for threaded bottles).

About response time Our dedicated Business Department team is committed to providing attentive service and prompt responses to your inquiries, regardless of your location or the time you send your message.

Specification

Place of Origin	China, Shanxi
Brand Name	Ruixin glass
Model Number	RXAL24-13
Product name	glass candle jar
Process	Color spraying, Electroplating, silk printing, tagging
Size	D11cm*H8cm/D13cm*H8cm/D15cm*H8cm
Capacity	530ml/730ml/930ml
Weight	410g/556g/727g
Material	soda lime glass
Function	Scented candle making
Logo	Accept Customers' Logo
Color	green, white
Shape	round
Packaging	Safe Packaging
MOQ	2000pcs
Sample	7 Working Days

Company Profile

00:00

03:00

Shenzhen Ruixin Glassware Company is a highly professional company with over 15 years of experience in the glassware industry. Our head office is located in Shenzhen, and we have three factories, including one in Shenzhen and two in Shanxi, which are the largest hand-painting factories in China. We are proud to announce that Ruixin recently passed the Sedex factory audit with flying colors. Inspectors from SGS were impressed with our factory, praising it as the cleanest and most organized glass factory they have visited. In 2015, we celebrated our 10-year anniversary and invested in a range of advanced machines, such as automatic spray machines, electroplating machines, and etching and sandblasting machines, to facilitate the significant growth of our factory.

Weekly Product Development We place great emphasis on developing new products and samples. Every week, we introduce various new items, including unique clear glass designs, as well as electroplated, hand-painted, and sandblasted pieces.

Diverse Machinery to Fulfill Your Needs Our own glass factory is equipped to produce machine-pressed and mouth-blown items. For urgent projects, we can create mouth-blown samples within seven days, while machine-made molds require approximately 18 days. Additionally, we have an after-treatment factory equipped with advanced machines capable of electroplating, hand-painting, silkscreen printing, color spraying, etching, and sandblasting. This enables us to complete samples with your

artwork within seven days. At Ruixin, our core values are sincerity, service, innovation, and professionalism. We prioritize customer satisfaction, constantly strive for innovation, and pursue excellence in our field. We are committed to building strong and mutually beneficial relationships with our customers based on trust and sincerity.

ISO 9001 Audit Type	<input checked="" type="checkbox"/> Internal <input type="checkbox"/> External
Date of Audit	14 th September 2016

Next Chapter

- A GDSIT audit was conducted which included visits to all functional departments, agents and family members of the affected persons, and the affected person's brother (who is a member of the GDSIT).

After the scope of work was defined, the GDSIT set up a three-person working group, namely, women and child care services, women and support services and the GDSIT, to monitor the GDSIT audit steps and ensure that women are consulted in the GDSIT audit (in addition).
- The audit followed up against the following reference documents:

 - UNHCR DTA, Audit

 - UNHCR Code

 - GDSIT activities

 - Monitoring system and child protection

 - Children's Best Interests and Integration

 - Guidelines for the GDSIT

 - Guidelines for conducting an internal enquiry
- and the GDSIT:

 - UNHCR representative's

 - National Human Rights Commission of Government

 - National Human Rights Commission of Democratic Republic of Congo

 - Training of Community Health Workers

 - Human Rights Training for the Anti-GDSIT network

Where appropriate, following *Journal* sets out a table of the CTS/Code / SME's Auditors' Missions and related issues (non-compliance with the audit report) C&PR and/or below.

FAQ

1. Can you print our Logo on the candle holder made in india?

Yes, we can. We could offer various printing ways: the screen printing, hot stamping, decal attachment, frosting, sandblasting, etc.

2. Can we get a free samples?

Yes, if we just have the glass in stock, we can offer a sample for free, but freight cost should be on your side.

3. Can you combine many items assorted in one container for my first order?

Yes, we can. But the quantity of each model should reach to our MOQ.

4. Are you a factory or a trading company?

We have our own factory in Shan'xi province, with 300000 square meters production zone, in addition, we have a sales office in Shenzhen, with a big warehouse and showroom.

5. What is your payment term?

We usually pay by T/T, Western Union, L/C or others according to your requirement.

6. What's your common package? Glassware is fragile products, how could you guarantee the products arrived in good condition?

Our common package is bulk safe package, if you want to protect the glasses better, we can add bubble bag, styrofoam, blister card according to your requirements.
